

Networks – Safety Concerns

Palm Creek Computer Club

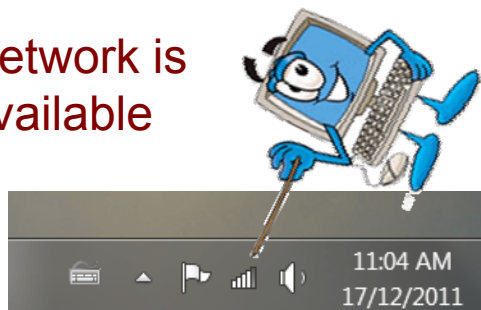

Revisited ~ March 2015

Networks

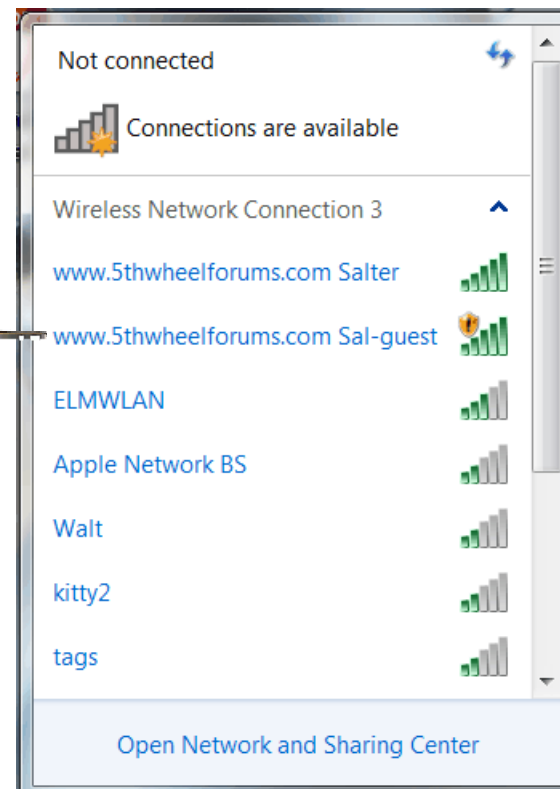

- Finding a Network
- Connecting to a Network
- Secure Network Password
- Selecting a Network “Location”

Finding a Network

Network is available

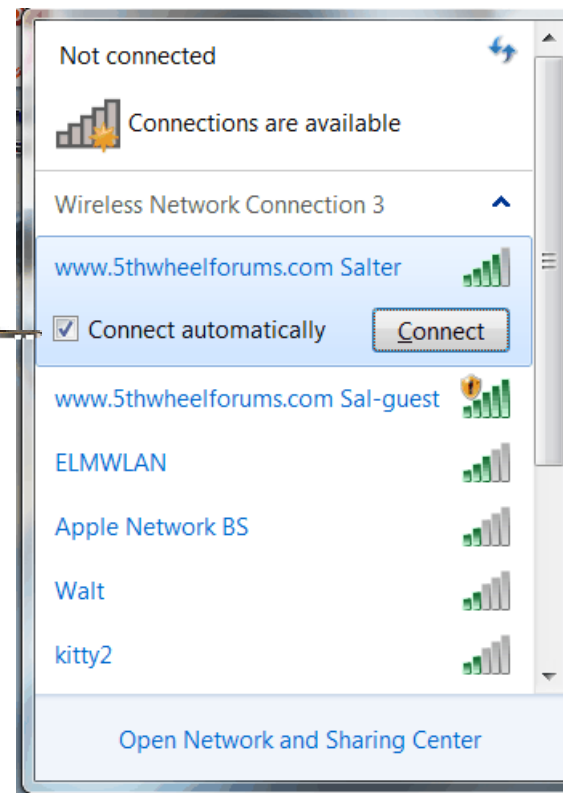

This one might not be secure!

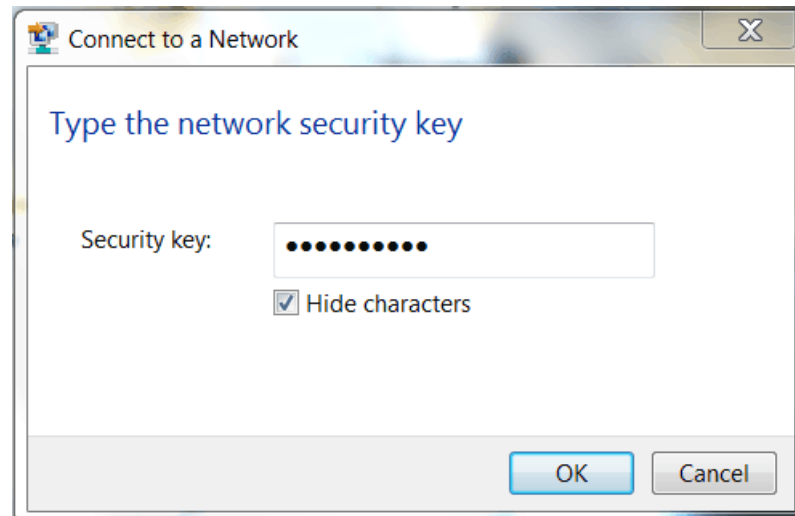

Connecting to a Network

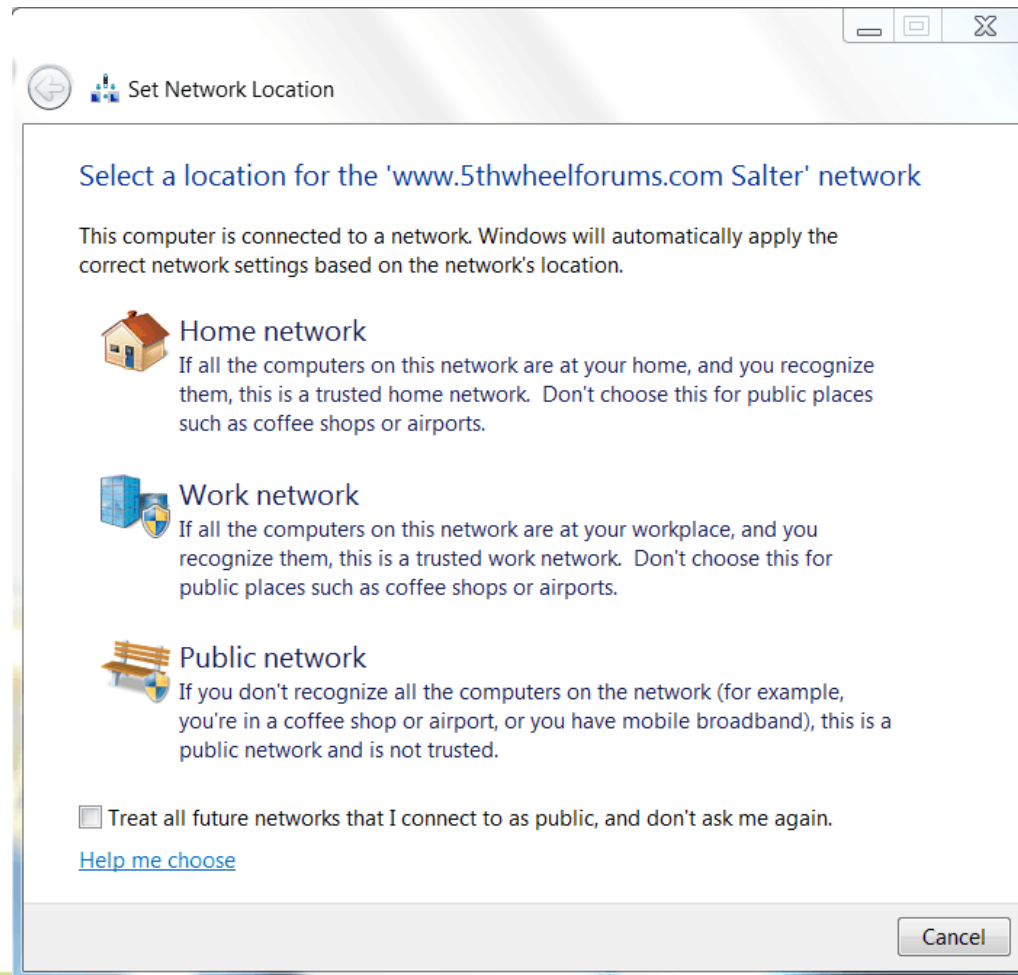

- Choose the strongest (if available)
- Connect automatically if this is your Primary Network

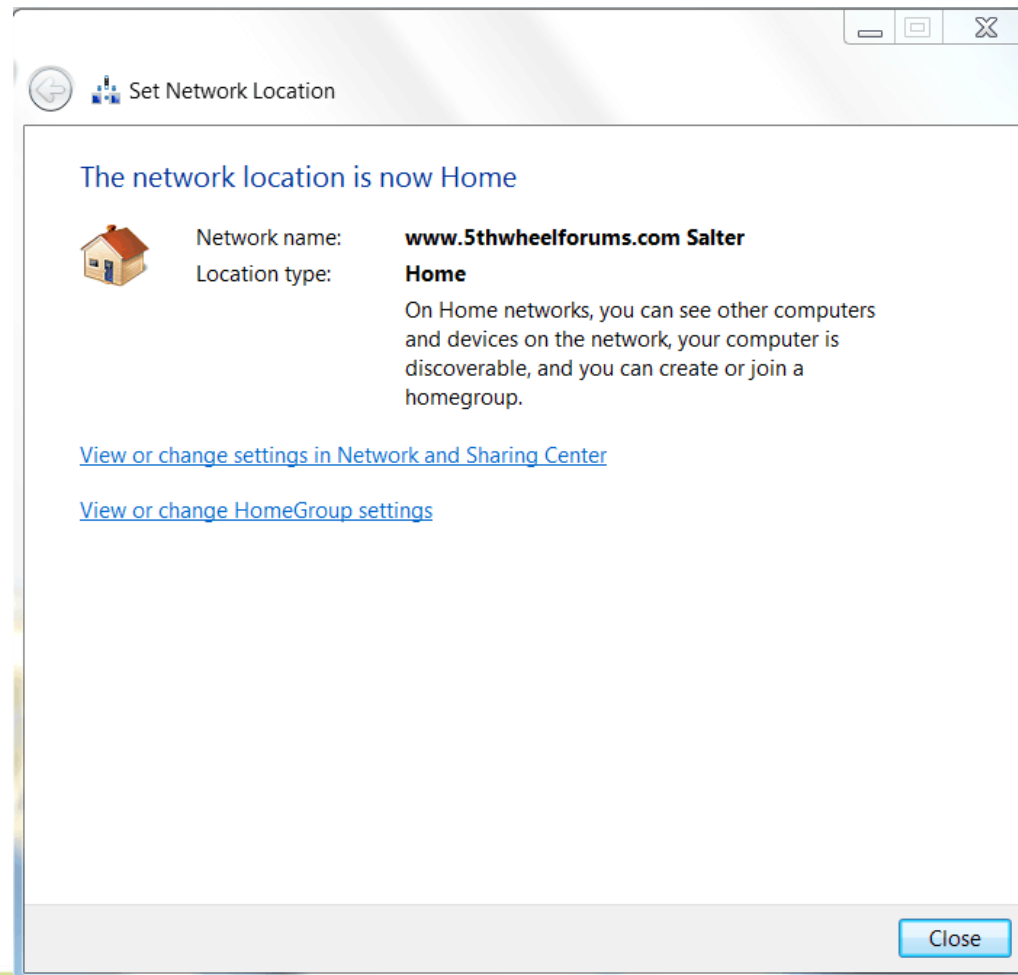

A Secure Network requires a Password

Select the Network Location

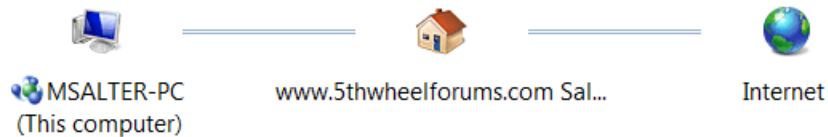

Confirmation of Network Choice

Network Map

View your basic network information and set up connections
